We are five months and two weeks away from the conference! As the excitement builds, we continue to carefully plan the program to give you another IAEA Conference experience that is stimulating, engaging and memorable.

### Extension of Call for Papers

You may submit paper abstracts until May 31. While we urge you to speak on topics and issues related to the conference theme, we also encourage you to share your work in many other areas, topics or issues that are central and relevant to the field of educational assessment.

### Registration

You may register through the conference website at [www.iaea2011.com](http://www.iaea2011.com). Early bird registration fees apply until June 10. For presenters whose papers have been accepted, the early bird rate applies until September 15.
